JONESBORO'S LOCATION

makes the Craighead Technology Park (CTP) in Jonesboro, Arkansas a site that should be on your list if not at the top of it. Just over 90 minutes from Blue Oval City, CTP is shovel-ready, rail-served, and less than a mile from Interstate 555. That means your products are traveling at interstate speeds mere minutes after leaving the dock bay doors. We call this "mile-a-minute" country for a reason. It's one of the many reasons why household names like Nestle, Frito-Lay, Post, and Unilever call Jonesboro home.
